Profile

I am a WordPress Developer with 4.3 years of experience in designing, developing, and maintaining responsive and user-focused websites. I specialize in building custom WordPress solutions including theme customization, Custom Post Types (CPT), along with the PHP and MySQL.

I have strong expertise in **HTML, CSS, Bootstrap, Tailwind CSS (Utility-First Framework), JavaScript, and React.js**. I am also experienced in working with Shopify and building scalable e-commerce solutions using WooCommerce.

Additionally, I have hands-on experience with popular page builders such as **Elementor, Divi Builder, and WPBakery**, enabling me to deliver modern, high-performance, and mobile-friendly websites.
